EXPRESS YOURSELF WITH COLOR!

TIPS TO GET STARTED

bored at home? worried about what's going on in the world? miss art class?

This coloring book contains 12 pages waiting for your artistic touch!

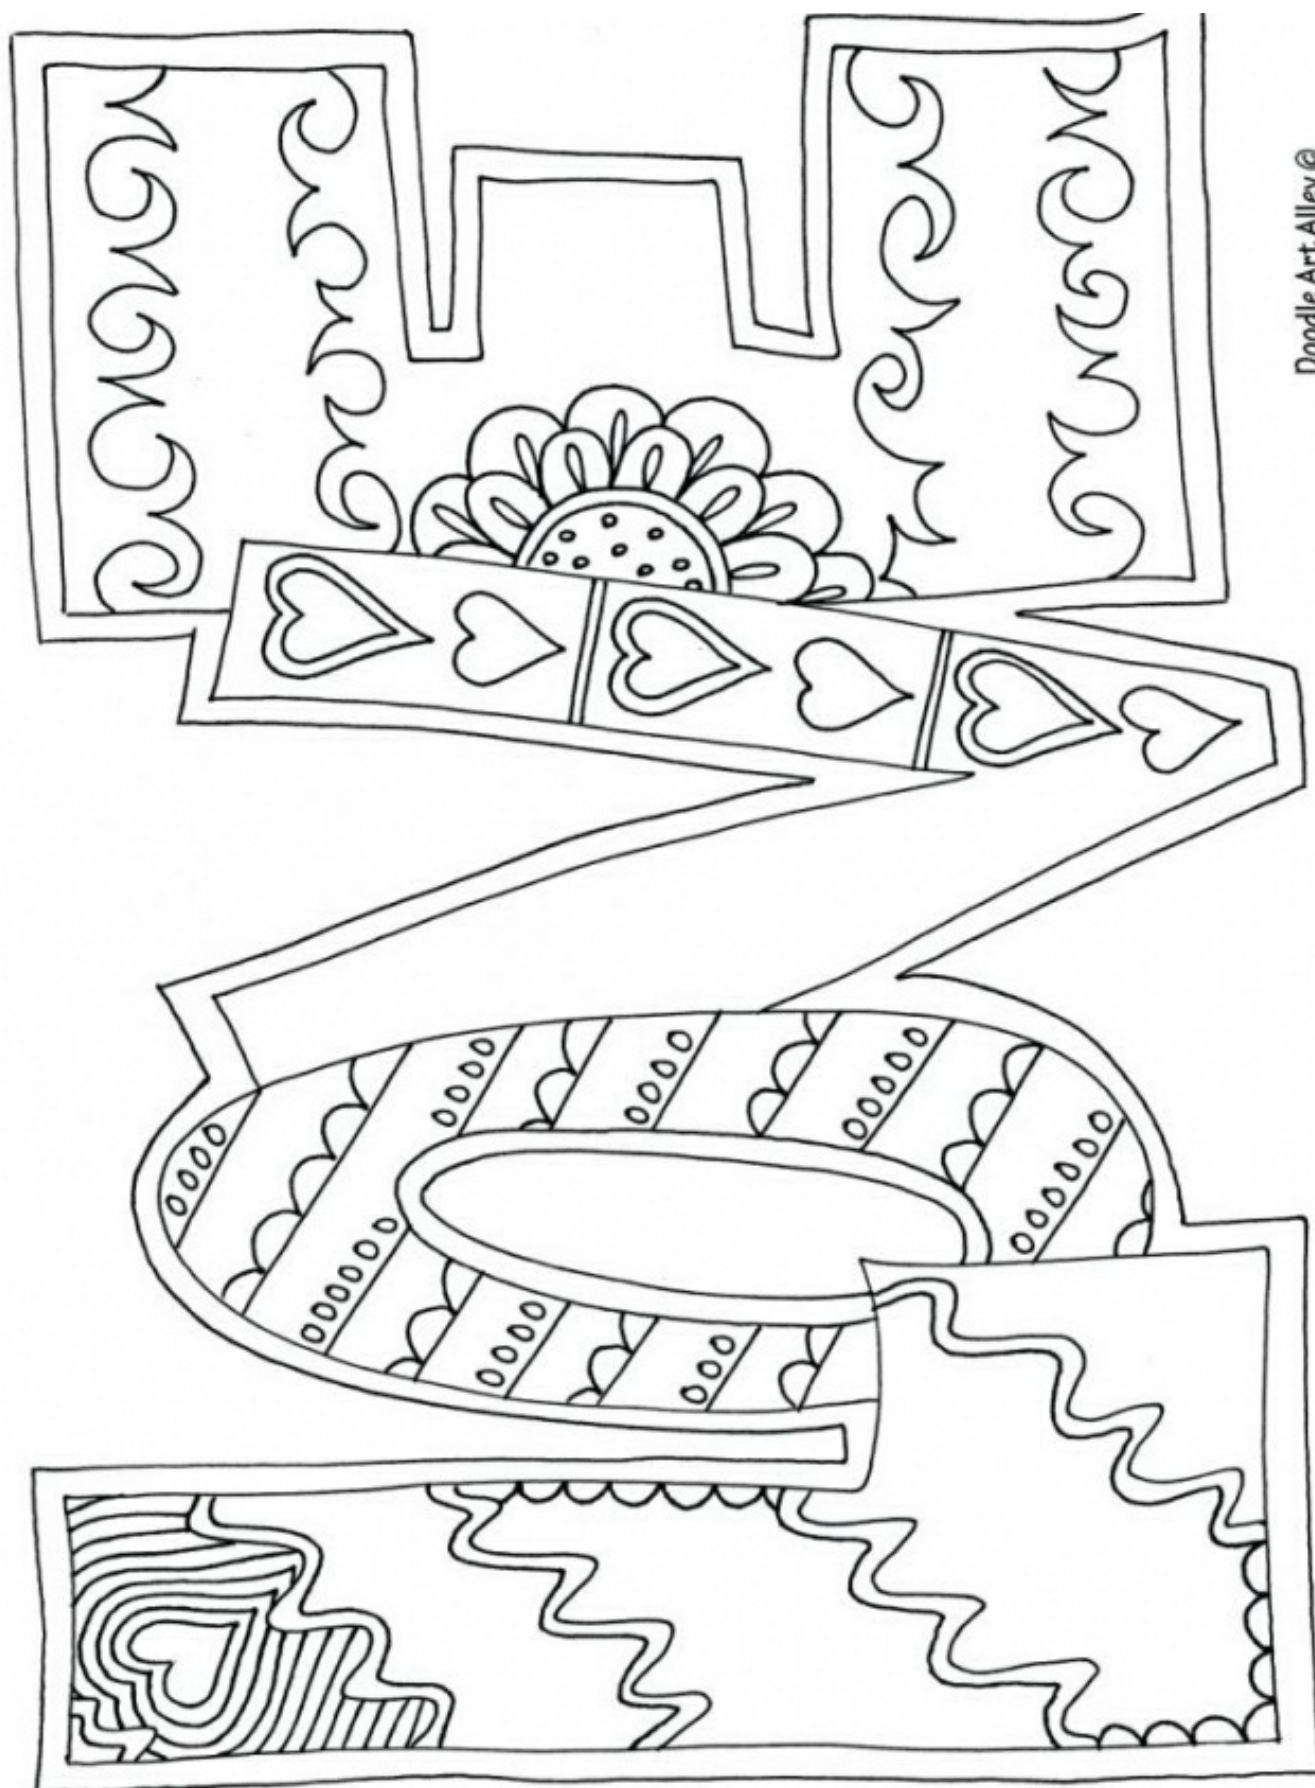

On each page, you'll find a word outlined and perfect for coloring. Each word represents a positive concept.

So, pull out your pens, pencils, crayons or markers, and make each page your own.

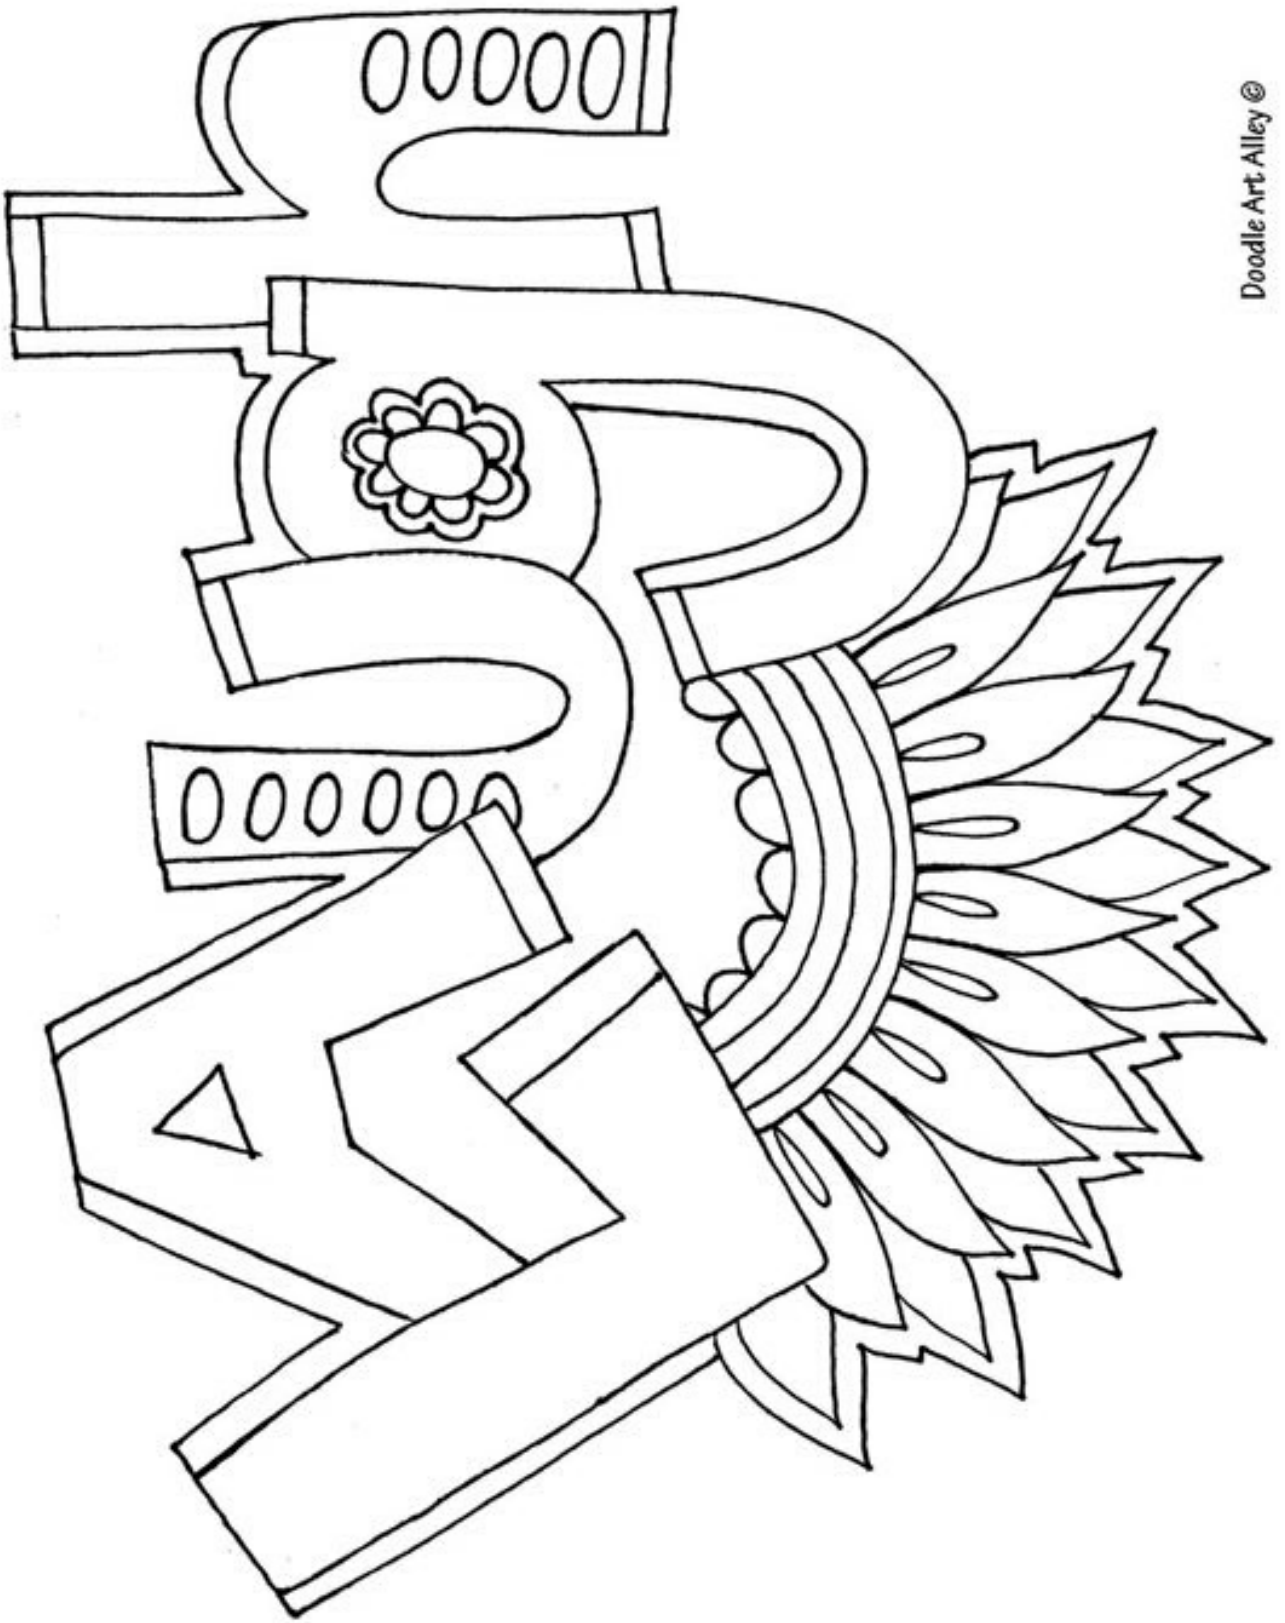

As you color, think about what each word means to you right now.
